Home page	http://www.netlab.hut.fi/~jmanner/

Jukka Manner (born 1972) received his MSc. (1999) and PhD. (2004) degrees in computer science from the University of Helsinki. He is a full professor (tenured) of networking technology at Aalto University, Department of Communications and Networking (Comnet). His research and teaching focuses on networking, software and distributed systems, with a strong focus on wireless and mobile networks, transport protocols, energy efficient ICT and cyber security. He was the Academic Coordinator for the Finnish Future Internet research programme 2008-2012. He is an active peer reviewer and member of various TPCs. He was the local co-chair of Sigcomm 2012 in Helsinki. He has contributed to standardization of Internet technologies in the IETF since 1999, and was the co-chair of the NSIS working group. He has been principal investigator and project manager for over 25 national and international research projects. He has authored over 100 publications, including eleven IETF standards and is a member of the IEEE. He has been nominated by Tietoviikko magazine among the 100 most influential people in ICT in Finland yearly since 2010.

Current positions
- Full professor of Networking Technology (tenured), Aalto University (formerly Helsinki University of Technology) Department of Communications and Networking since 01/2008
- Adjunct professor, University of Helsinki, Department of Computer Science, since 11/2005
- Co-Founder, CTO and Chairman of the Board, Kaista Networks Ltd., 2013
- Co-Founder and Chairman of the Board, Viesti Networks Ltd., 2013
- Co-Founder, Studio WAS Ltd., 2012

Education and training
- Matriculation Helsinki French-Finnish school, 1992
- The Finnish Defense Forces, Reserve officer, RUK 207, 1995-1996
- Msc., University of Helsinki, Department of Computer Science, 1999
- PhLic., University of Helsinki, Department of Computer Science, 2002
- PhD., University of Helsinki, Department of Computer Science, 2004

Recent previous professional appointments
- Member of the Board of Directors at Stonesoft Ltd./Oyj, 04/2010-08/2013
- Senior researcher, Helsinki Institute for Information Technology (HIIT), 2006-2012
- Professor (pro tem) of Telecommunications Software, Helsinki University of Technology, Laboratory of Telecommunications Software and Multimedia, 01/2006-12/2007
- University lecturer 08/2004-12/2007, University of Helsinki, Department of Computer Science

Jukka owns 3.000 shares of SSH Communication Security.
